These trail border designated wilderness, only hikers and equestrians are allowed within the wilderness boundary. Motorized and mechanized use is only permitted on surrounding non-wilderness trails. Please be respectful of the wilderness boundary and only travel on designated roads and trails for your activity type. Horses are allowed and only certified weed free hay can be brought in.

Currently, USDA Forest Service policy considers E-Bikes to be motorized vehicles, and therefore, are restricted to roads and trails designated for motorized use.

The Bureau of Land Management has not completed Travel and Transportation planning for this area. The undesignated roads and trails shown on this map are informational only and are subject to change. This map implies no right of access across any private lands displayed on this map. Please follow Responsible Recreation guidelines and stay on existing roads and trails.

The Nevada Division of Outdoor Recreation makes no warranty, expressed or implied, nor assumes any legal liability or responsibility for the accuracy, reliability, completeness or utility of these geospatial data, or for the improper or incorrect use of these geospatial data. These geospatial data and related maps or graphics are not legal documents and are not intended to be used as such. The data and maps may not be used to determine title, ownership, legal descriptions or boundaries, legal jurisdiction, or restrictions that may be in place on either public or private land. The trail maps are intended as a navigation tool for Trail Users as they plan their journey, and the Trail User assumes the entire responsibility and risk as to the use of any or all information presented on the map. Natural hazards may or may not be depicted on the data and maps, and users should exercise due caution. The data are dynamic and may change over time. The user is responsible to verify the limitations of the geospatial data and to use the data accordingly.

NEARBY RECREATION

- Ash Meadows National Wildlife Refuge
- Red Rock Canyon NCA
- Cottonwood Valley
- Spring Mtn Ranch State Park
- Spring Mount National Recreation Area
- Death Valley National Park
- Amargosa Dunes
- Goldwell Open Air Museum / Rhyolite
- Hoover Dam

SUGGESTED ROUTES

CARPENTER CANYON

The Carpenter Canyon Road backcountry 4x4 trail on the west side of the Spring Mountains near Pahrump offers spectacular views from Charleston Peak to Telescope Peak in Death Valley National Park some 70 miles to the west. This route starts in the high desert and ends in the coniferous forest climate zone. You will likely see wild horses, burros, and deer. Winter may find icy and deep snow conditions in the upper areas of Carpenter Canyon

ELK MEADOWS

This is one of the longer trails in the Pahrump BLM riding area and is a fast and fun winding trail through a beautiful Joshua Tree Forest. The trail is a steady decline/incline the entire way and is mostly road width. It's mostly dirt with loose rocks, sections of gravel, some easy rock slab sections, and some loose climbs

LOVELL SUMMIT

The scenic Lovell Summit Road is a heavily used backcountry paved connector route between Lovell Canyon and Trout Canyon. There are many dispersed campsites along the route, and the road is a crucial connector for the continuous backcountry road system on the west side of the Spring Mountains National Recreation Area.

WHEELER PASS

Wheeler Wells and the historic charcoal kilns are accessible by most 2WD vehicles, even pulling small travel trailers. Hiking trailheads are at both sites. Wheeler Pass Indian Springs on US 95 is a favorite of experienced 4x4 drivers.

Many routes in the area are not marked. Be prepared with a paper map and GPS routes.

WELCOME TO PAHRUMP

60 miles West of Las Vegas - 180 Degrees
Different

Pahrump, Nevada is located west of Las Vegas in the southeast corner of Nye County. Bordered by the Spring Mountain range to the east and the Nopah Vista to the west, it's a short drive from Las Vegas, Death Valley National Park, and the Dumont Dunes. The Southern Paiute Indians, who were the first to occupy the area centuries ago, originally named it "Pah-Rimp" or "Water Rock" due to the abundant artesian wells throughout the valley. In 1862, prospector George Breyfogle created a lot of buzz when he bragged about finding amazingly rich gold deposits in the area. Excited to show off his discovery, he brought a mob of gold seekers to the valley. However, he was unable to navigate the landscape or lead them to the gold. For years, Breyfogle and other determined prospectors scouted the area in search of the gold with no luck. As a result, Pahrump became the base camp for the Nye Gold Seekers, a club dedicated to recreational mining and gold prospecting. From ATV and OHV (all terrain vehicles and off highway vehicles) to cultural festivals and spectacular events, visitors will be blown away by how much Pahrump has to offer.

RULES OF THE DIRT

- OHV's on pavement is allowed for up to 2 miles when accessing a trailhead
- Registering your OHV is required. Visit dmv.nv.gov/ohv.htm to learn more.
- Respect other trail users. Be courteous and yield right of way.
- Please avoid all roads or areas posted with closures or restrictions, or as shown as closed on map.
- E-BIKES are considered motorized recreation and are not allowed within any wilderness or on non-motorized trails.
- Never leave a campfire unattended. Drown them out so they are cool to the touch prior to departing camp.
- Be friendly! Be safe! Have fun! Share the trail!
